**Jays Carpentry & Home Improvements**

To whom it may concern,

During our recent project to transform the look of our dated living & dining room we found the details of Jays Carpentry offering home improvement services through an advert placed in our local free paper.

From our initial enquiry, Jason arranged and came out to see us at our home to discuss our requirements and we found his rates to be very reasonable for what work we required.

We commissioned him to change the internal & external doors along with replacing the room divider sliding doors and all skirting boards/architraves in the two rooms.

We are pleased to say that the work carried out was to a high standard and we have no problems in recommending Jays Carpentry to anybody having similar work.

Yours sincerely,

Raj Singh
